

Wong Koang Ming

Former headmaster Wong has retired from the civil service but not from life itself.

After 36 years in the teaching profession, he has embarked on a new journey after leaving his final posting as headmaster of SJK (C) Papan.

Wong now oversees the Perak chapter of Living Hope. In this post, his experience and contacts with the school network are invaluable in helping Living Hope to reach out to the needy children in the state.

His new mission is an exciting challenge in life for Wong as he endeavors to bring hope and comfort to Malaysia's needy young.
